Art Unit: 1642

SUPPLEMENTAL AMENDMENT
UNDER 37 C.F.R. §1.116

Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Office Action mailed March 12, 2002 and the Advisory Action of September 6, 2002, please amend the above-captioned application as follows.

In the Claims:

Please cancel claims 1-22, 27, 28 and 31-53 without prejudice or disclaimer.

In accordance with 37 CFR §1.121, please substitute for original claim 23-26, the following rewritten versions of the same claims, as amended. The changes are shown explicitly in the attached "Version with Markings to Show Changes Made."

Please amend the following claims:

23. (Amended) A method for targeting a therapeutic agent to a target site in a patient, comprising the steps of:

(a) administering to the patient an effective amount for targeting of at least one multispecific targeting protein comprising at least two first binding sites which specifically bind to the same or different epitopes of the same or different substance produced by or associated with the target site and present at the target site, and at
